

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

HERTFORD

PRINTED BY STEPHEN AUSTIN AND SONS.

Preface.

The present volume contains a number of letters and inscriptions of the period of the First Dynasty which have become available for publication since the appearance of the first volume of this work. They include seven letters addressed by Ḫammurabi to Sin-idinnam ; five letters addressed by Samsu-iluna, the son of Ḫammurabi, to various officials ; and an interesting series of thirteen letters written by Abēšu' to the Judges and other high officials of Sippar and Kār-Šamaš. These last despatches furnish many interesting facts with regard to the internal administration of Babylonia during the period of the First Dynasty, and they serve to supplement the information obtained from a study of Ḫammurabi's letters.

The volume also includes the two votive inscriptions of Ḫammurabi preserved in the Louvre ; duplicates of

the Babylonian and Sumerian building-inscriptions of Samsu - iluna ; a new edition of the text of the "Chronicle of Kings of the First Dynasty"; and the text of a tablet which partly restores and continues that inscription. As an appendix to the texts the plan of an Old-Babylonian building has been included in the volume ; it was drawn up in the period of the First Dynasty.

The third volume of the work, containing the transliterations and translations of the texts, is published simultaneously with the present volume.

"Dr. BUDGE's book will be welcome as a handy reading book for advanced students of Syriac, but in the mean time the stories will be an addition to the literature of gnomes and proverbs, of which so many are found in India, and in Persian, Hebrew and Arabic, although not yet published. We are happy to say that Dr. BUDGE's new book is well edited and translated as far as we can judge". — *Athenaeum*.

"Sous le titre de *Récits amusants*, le célèbre polygraphe syrien Bar-hebraeus a réuni une collection de sept cent vingt-sept contes, divisés en vingt chapitres et renfermant des aphorismes, des anecdotes et des fables d'animaux ayant un caractère soit moral, soit simplement récréatif. Le livre nous était connu par quelques spécimens publiés précé-

dement. M. BUDGE, qui a déjà rendu tant de services aux lettres syriaques, vient d'éditer l'ouvrage entier avec une traduction anglaise En tous cas, M. B. a eu raison de ne pas faire un choix et de donner l'ouvrage en son entier Les aphorismes, écrits dans un style concis et avec, une pointe dont la finesse n'est pas toujours sensible, présentent des difficultés de traduction dont M. B. a généralement triomphé." —

"È questo un libro singolare, appartamente ad un genere assai scarso nella letteratura siriana, quantunque così ricca, cioè a quello dell'amena letteratura. Bar Ebreo scrisse questo libro nella vecchiaia, o forse allora mise insieme e ordinò estratti che avea prese nelle lunghe letture da lui fatte, di tanto opere e così svariate I cultori degli studi siriani saranno assai grati al Dr. Budge per questo suo novello contributo; l'edizione per carte e per tipi è veramente bellissima." — *La Cultura.*

Cappeller (Carl) — A Sanskrit-English Dictionary. Based upon the St. Petersburg Lexicons. Royal 8vo. Cloth. pp. VIII, 672 [Published £ 1. 1s]. Reduced to 10s. 6d.

"Linguistic and other students should hail with satisfaction the publication of a cheap and handy Sanskrit-English Dictionary, such as is now to be found in the new English edition of Prof. CAPPELLER's Sanskrit-German 'Wörterbuch,' recently published by Messrs. Luzac. The book is well adapted to the use of beginners, as it specially deals with the text usually read in commencing Sanskrit; but it will be of use also to philological students — or such as have mastered the Nāgari character — as it includes most Vedic words, a great desideratum in many earlier dictionaries, especially such as were founded on native sources. The basis of the present work is, on the contrary, the great lexicon of Boethlingk and Roth with the addition of compound forms likely to be of service to beginners." — *Athenæum.*

"The English edition of Prof. CAPPELLER's Sanskrit Dictionary is something more than a mere translation of the German edition. It includes the vocabulary of several additional texts; many compounds have been inserted which are not given in the Petersburg lexicons; and some improvements have been made in the arrangement. The errors enumerated by the reviewer of the *Academy* have for the most part been corrected, though a few still remain. . . . The book is certainly the cheapest, and, for a beginner, in some respects the best, of existing Sanskrit-English dictionaries." — *Academy.*

"Professor CAPPELLER furnishes the Student of Sanskrit, if not with a complete Lexicon, — for that he tells us, was not his object, — still with a handy and yet very full vocabulary of all the words occurring in the texts which are generally studied in that language. His plan is to avoid all unnecessary complications, to give each word in such a manner

as to show its formation, if it is not itself a stem. It is not merely an English version of the author's Sanskrit-German Dictionary, nor merely an enlarged edition of the same; it is a new work, with a distinct plan and object of its own. We can recommend it to the Sanskrit student as a sufficient dictionary for all practical purposes, which will enable him to dispense with larger and more costly and complicated Lexicons till he has acquired a considerable proficiency in this difficult and scientific language." — *Asiatic Quarterly Review*.

Cool (W.) — **With the Dutch in the East.** An Outline of the Military Operations in Lombock, 1894, Giving also a Popular Account of the Native Characteristics, Architecture, Methods of Irrigations, Agricultural Pursuits, Folklore, Religious Customs and a History of the Introduction of Islamism and Hinduism into the Island. By Capt. W. COOL (Dutch Engineer), Knight of the Order of Orange Nassau; decorated for important War Services in the Dutch Indies; Professor at the High School of War, the Hague. Translated from the Dutch by E. J. Taylor. Illustrated by G. B. HOOVER. Late Lieut. Col. of the Dutch Indian Army; Knight of the Military Order of William; decorated for important War Services in the Dutch Indies. Roy. 8vo. Cloth. 21s.

"There are, it is to be feared, but few books published in this country from which English readers can obtain information as to the doings of the Dutch in their Eastern colonies. — For this reason we are glad that Capt. Cool's account of the Lombock expedition has been translated." — *Athenaum*.

"The book contains an interesting account of the Balinese and Sassak customs, and throws some light on the introduction of the Mahomedan and Hindu religions into Lombock . . . The translation by Miss E. J. Taylor is satisfactory, and some of the illustrations are excellent." — *The Times*.

"Lombock forms a small link in the long chain of volcanic lands . . . To folklorists and students of primitive religions it has always presented many attractive features . . . They will be much interested in the local traditions recorded in the volume before us. Miss Taylor's version deserves a word of recognition, and the general equipment of the book is creditable to the Amsterdam press. There is a good index." — *Academy*.

"The author not only describes the military operations, but gives a full history of Lombock and its people. Much curious information as to a land very much out of the way and little known to English readers is given. In addition the account of the actual warfare is full of incident. The book is freely illustrated." — *Yorkshire Daily Post*.

"This is a work which will no doubt attract considerable attention, both in the West and throughout the East. Miss Taylor has acquitted herself as a translator with rare ability and taste, and the comprehensive and excellent way in which the work is illustrated adds an additional charm to what is at once the most entertaining and most attractive chapter of Netherlands Indian history." — *European Mail*.

"Besides containing a great deal of information concerning this hitherto very slightly known island and its inhabitants, Captain Cool's volume is profusely and excellently illustrated. . . Miss Taylor's translation of it is fluent and thoroughly readable." — *Glasgow Herald*.

He has also presented it with a lucidity of style which will go far to render it acceptable to the reading public... Vol. II. The Letters and Despatches of Hammurabi king of Babylon about B. C. 2250, to Sin-idinnam, King of Larsa, together with other

royal and official correspondence of the same period: the Cuneiform texts edited with an Introduction and short descriptions by L. W. King, M. A.

This volume will contain about 100 letters relating to a variety of official subjects, and their contents are of great importance for the study of the history of Babylonia, Elam and the neighbouring districts about the time of the patriarch Abraham. These letters reveal the system by which Hammurabi maintained his rule in the remote provinces of his newly acquired empire, and contain some of the orders and directions which he issued for the movements of troops, for the building of canals and waterways, for the food-supply of his capital, and for the regulation of legal tribunals. The letters of Hammurabi are the oldest Babylonian despatches extant. — *Ready in June.*

Vol. III. The History of the Blessed Lady Mary the Virgin, and the History of the Image of Christ, which the men of Tiberias made to mock at; the Syriac text edited, with an English translation, by E. A. WALLIS BUDGE, Litt. D., D. Lit., etc. — *Ready in October.*

This Life of the Virgin is the fullest known to exist in Syriac, and varies in many important particulars from the versions of which fragments have already been published. The Life has been copied from an ancient Nestorian MS., to the text of which have been added all the variants found in the XVIIth century MS. in the possession of the Royal Asiatic Society of Great Britain.

Vol. IV. The Letters and Despatches of Hammurabi together with other official and private correspondence of the same period, by L. W. KING, M. A.

This volume will contain a number of transliterations and translations of the texts of the 100 letters and despatches which are printed in volume 2; to these will be added indexes of proper names etc. and a List of Characters. An attempt will be made to give a description of the circumstances under which these letters were written, and short notes on points of grammar, history, etc. will be added. — *In the Press.*

Vol. V. The History of Rabban Hormizd by Mâr Simon, the disciple of Mâr Yôzâdhâk; the Syriac text edited, with an English translation by E. A. WALLIS BUDGE, Litt. D., D. Lit., etc.

The text describes the life of this famous Nestorian anchorite, the building of his monastery, and the struggle which went on in the VIIth century between the rival sects of Jacobites and Nestorians in Mesopotamia. This prose version of the life of Rabban Hormizd is, probably, the source from which the metrical versions were drawn; and it is of great importance for the study of the second great development of monasticism in Mesopotamia. — *In the Press.*

Vol. VI. Babylonian Private Letters written during the period of the First Dynasty of Babylon; the Cuneiform texts edited with Introduction and short descriptions by L. W. KING, M. A.

This volume will contain about 200 letters of a private nature which reveal the social condition of the country and incidentally throw much light upon the civilization of the period. From grammatical and lexi-

cographical points of view these texts are of considerable importance, for they afford numerous examples of unusual words and forms of expression. — *In the Press.*

Vol. VII. The Life of Rabban Bar-Idtâ by John his disciple; The Syrac text edited, with an English translation, by E. A. WALLIS BUDGE, Litt. D., D. Lit., etc.

Bar-Idtâ was the founder of a famous rule and monastery in Mesopotamia in the VIIth century, and the author of a very valuable work on monastic history which is quoted with respect by Thomas, Bishop of Margâ. He was a contemporary of Babhai of Mount Izlâ, and of Jacob of Bêth Abbê.

Volumes 5, 6, and 7 will, it is hoped be ready early next year.

"The book is as scholarly as it is useful. Of particular importance are the numerous grammatical annotations which give the beginner an insight into the method of the Arabic national grammarians, and which form an excellent preparatory study for the perusal of these works in the original. . . . The introduction and the remarks in particular show how well Mr. MARGOLIOUTH has mastered the immense literatures of Moslim Tradition, Grammar and Kalam. . . . The perusal of the book affords pleasure from beginning to end." — *Journal Royal Asiatic Society.*
